

# iPhone 5

[Regarder la vidéo](#) 

[Regarder la vidéo](#) 

Made in très  
haute technologie.

A6 chip. Sight camera 8MP. Retina screen 4 inches. Wireless 4G LTE superfast. The iPhone has all the advantages of the iPhone 5 – and many others, including iOS 7. Under a new design really nice in hand.

# iOS 7. Conçu en parfaite harmonie avec l'iPhone 5 [C].

A pleasing colorful interface. New features that fully exploit its advanced capabilities. At any point of view, iOS 7 is designed for iPhone 5C.

## Puissantes apps incluses. Pour la productivité. Ou la procrastination.

Brand new iPhone has an improved version of apps iPhoto, iMovie, GarageBand, Pages, Numbers and Keynote so that you can give free rein to your creativity and increase your productivity immediately. Discover remarkable apps to exchange e-mails, browse the Internet, send text messages, making FaceTime calls ... There is even an app to find more!

The color is not a decoration. It expresses an emotion, has a bias. The color says loudly who we are. This is the whole philosophy of the iPhone 5c and five colors. So let yourself go, highlight your personality. And send the colors.
