**THIS PRODUCT IS REFURBISHED**

The terms refurbished and recertified are used interchangeably to describe products that manufacturers refurbished, inspected, brought back to original manufacturer's specification then tested and repackaged for sale. Some manufacturers refurbish products themselves and others use a qualified third party refurbisher. Refurbished products represent a great value and we offer them with confidence knowing that every refurbished product was tested at least twice, once when it was first manufactured and again during the refurbishing process. Refurbished products are warranted by either the original manufacturer or the manufacturer's third party refurbisher. Warranty terms applicable to refurbished products may vary; see below for specific warranty information and consider purchasing an extended service plan if you desire even more coverage.
