HighLights:

Samsung Galaxy Note 10.1 GT-N8013ZWYXAR Tablet

Express your creativity naturally and freely on the Samsung Galaxy Note 10.1 GT-N8013ZWYXAR Tablet. Throw away the pen and paper for good, remove the S Pen™ from the Galaxy note, and draw all over its 10.1" Touchscreen Display. A side bar appears with pen-specific shortcuts once you remove it, allowing you to take notes, create memos, sketch designs, edit photos and more with Adobe® Photoshop® Touch software and several other custom-designed apps built-in. Powered by the Android 4.0 Ice Cream Sandwich OS and a Quad-core mobile processor, the Samsung Galaxy Note 10.1 GT-N8013ZWYXAR Tablet delivers the entertainment and productivity you demand with a sleek, intuitive interface and high-speed performance. Store up to 16GB of your media onboard, and insert a microSD card with up to 32GB of capacity when you need more room. Connect to networks home and away using built-in Wi-Fi so you can upload and share your creations from wherever inspiration hits you. The Samsung Galaxy Note 10.1 GT-N8013ZWYXAR Tablet also includes dual webcams with a 5MP front-facing camera, Bluetooth 4.0 connectivity, built-in speakers, 2GB of RAM and a USB 2.0 port.

What It Is And Why You Need It:

- Android 4.0 Ice Cream Sandwich; download apps from Google Play, customize your home screen and get the most out of your Galaxy Note
- 10.1" Touchscreen Display; enjoy a brilliant 1280 x 800 resolution for surfing the web, streaming high-res video and playing games on the go
- Built-in S Pen™; take notes by hand, work on your designs, navigate the tablet or edit photos using Adobe® Photoshop® Touch and other pre-installed, pen-specific software
- 16GB storage capacity; save your creations on board and manage more media using a microSD card

- 802.11 a/b/g/n Wi-Fi; share your creations with the ones who matter most, no matter where you are
